

# City of Ontario, Oregon

Adam J. Brown, City Manager

Press Release

## Ontario Transparency Portal

OpenGov Software

March 30, 2018

The City is committed to be transparent in all aspects of the City government. In January 2018 the City contracted with a cloud based software provider called OpenGov to provide access to financial and performance data. This software is being launched today on March 30, 2018, which allows the public to access financial and performance data at all times from any computer and most electronic devices.

Over the coming weeks additional reports will be released. The initial launch of OpenGov includes all financial data. It can be accessed from the City's homepage at [www.ontariooregon.org](http://www.ontariooregon.org) at the top of the page. To get directly to the City's Transparency Portal click on this [link](#).

For questions please contact the City Manager's office at 541-889-7684.
