

# SUBMIT YOUR ENTRY TO WIN A \$25 GIFT CARD

Drawings done every Friday

Ontario Fire and Rescue needs your help! The fire hydrants in the city are becoming difficult to locate due to the snowfall our area has experienced.

OF&R is asking for your help to assist them in continuing to provide the best service possible, even under these current circumstances.

Entry is easy –

- Shovel around the hydrant, and clear a path from the street to it;
- Take a picture of yourself and your hydrant after cleared; then
- Submit your photo, with contact information, including the location and number of the hydrant, to [hydrantdrawing@ontariooregon.org](mailto:hydrantdrawing@ontariooregon.org). The hydrant number is located just above the base of the hydrant.

Only one submission per hydrant will be accepted.
