

City of Ontario, Oregon

Adam J. Brown, City Manager

Press Release

Sand Bag Availability and Car Removals

January 20, 2017

The City of Ontario will make sandbags available today through Monday. Ontario Fire Station 2 is located at 3288 SW 4th Ave., Ontario, OR, 97914. Friday evening they will be available between the hours of 4 to 6 p.m. Saturday and Sunday they will be available from 1 to 4 p.m. in the afternoon. They will be available Monday also between 4 and 6 p.m.. There may be some already filled, but citizens may need to fill the bags themselves. The City emergency operations center will update the times of availability for sand bags each day on the city's website. Please check our website for availability. <http://www.ontariooregon.org/>

Additionally we are asking that citizens make every attempt possible to move parked cars from the street. This is impeding snow removal operations and causing very narrow plowing in some residential areas.

Thank you for your assistance and patience in this City weather event.
