Press Release
Declaration of Emergency
January 11, 2017

At 11 AM this morning the City of Ontario requested Malheur County declare a State of Emergency on behalf of the City of Ontario. The weather event we have experienced over the last few weeks has been unprecedented in the last 30 years. With multiple building collapses, storm drain clearance needs, and the city's equipment and personnel fully exhausted, the city has need of utilizing additional resources and funding.

We anticipate working collaboratively with the County and State to utilize available resources.
