Tuesday and Thursday Adult Coed Volleyball League

February 1, 2019

To: All Interested Recreation Coed Volleyball Teams

From: Ontario Recreation Department

The Ontario Recreation Department will offer a coed volleyball league: Teams will be comprised of three men and three women and the roster can include up to twelve team members. Each team will play three games within the time space given. Therefore, the final game may be reduced in number of points and will conclude as time expires. Game nights will be Tuesdays and Thursdays.

In effort to increase the number of participants, we are allowing each team to have players who are currently playing high school or college volleyball (minimum age of 14). Any player under the age of 18 must have written parent consent.

Players may only participate on one team.

Teams may not add new players to roster after February 28, 2019. If you need to add a player, you must have written consent from all team managers in the league prior to the playing of your game. Team managers must deliver the new name to the ORD office within 24 hours after your game. Once a team has registered NO refunds will be issued.
