

Environmental Review Record

City of Ontario Sewer Improvement Project

*Subject: Area of Potential Effects Notification for the Sewer Line Replacement Project, Ontario, Malheur County, Oregon*

Ontario Oregon, Malheur County

Categorical Exclusion — NEPA Environmental Documentation

The following agencies/agents have been contacted regarding this project.

<u>Agency/Contact/ Data Source</u>	<u>Address</u>	<u>Na me</u>	<u>Conta ct Date</u>	<u>Respo nse</u>
<b>Air Quality</b>				
U.S. EPA. Oregon Nonattainment/Maintenance Status for Each County by Year for All Criteria Pollutants	<a href="https://www3.epa.gov/airquality/greenbook/anayo_or.html">https://www3.epa.gov/airquality/greenbook/anayo_or.html</a>	NA	April 24, 2020	NA

## Air Quality (CEST and EA)

General Requirements	Legislation	Regulation
The Clean Air Act is administered by the U.S. Environmental Protection Agency (EPA), which sets national standards on ambient pollutants. In addition, the Clean Air Act is administered by states, which must develop State Implementation Plans (SIPs) to regulate their state air quality. Projects funded by HUD must demonstrate that they conform to the appropriate SIP.	Clean Air Act (42 USC 7401 et seq.) as amended particularly Section 176(c) and (d) (42 USC 7506(c) and (d))	40 CFR Parts 6, 51 and 93

### Scope of Work

- 1. Does your project include new construction or conversion of land use facilitating the development of public, commercial, or industrial facilities OR five or more dwelling units?**

Yes

→ *Continue to Question 2.*

No

*Based on the response, the review is in compliance with this section. Continue to the Worksheet Summary below. Provide any documents used to make your determination.*

### Air Quality Attainment Status of Project's County or Air Quality Management District

- 2. Is your project's air quality management district or county in non-attainment or maintenance status for any criteria pollutants?**

Follow the link below to determine compliance status of project county or air quality management district:

<http://www.epa.gov/oaqps001/greenbk/>

No, project's county or air quality management district is in attainment status for all criteria pollutants

→ *Based on the response, the review is in compliance with this section. Continue to the Worksheet Summary below. Provide any documents used to make your determination.*

- Yes, project's management district or county is in non-attainment or maintenance status for one or more criteria pollutants.

Describe the findings:

→ Continue to Question 3.

- 3. Determine the estimated emissions levels of your project for each of those criteria pollutants that are in non-attainment or maintenance status on your project area. Will your project exceed any of the *de minimis* or *threshold* emissions levels of non-attainment and maintenance level pollutants or exceed the screening levels established by the state or air quality management district?**

- No, the project will not exceed *de minimis* or threshold emissions levels or screening levels

→ Based on the response, the review is in compliance with this section. Continue to the Worksheet Summary below. Explain how you determined that the project would not exceed *de minimis* or threshold emissions.

- Yes, the project exceeds *de minimis* emissions levels or screening levels.

→ Continue to Question 4. Explain how you determined that the project would not exceed *de minimis* or threshold emissions in the Worksheet Summary.

- 4. For the project to be brought into compliance with this section, all adverse impacts must be mitigated. Explain in detail the exact measures that must be implemented to mitigate for the impact or effect, including the timeline for implementation.**

### **Worksheet Summary**

#### **Compliance Determination**

Provide a clear description of your determination and a synopsis of the information that it was based on, such as:

- Map panel numbers and dates
- Names of all consulted parties and relevant consultation dates
- Names of plans or reports and relevant page numbers
- Any additional requirements specific to your region

The City of Ontario Sewer Improvement project does not include new construction or conversion of land use facilitating the development of public, commercial, or industrial facilities OR five or more dwelling units and is in compliance with this section as documented in the project description. Please see project description provided in Exhibit 3F. City of Ontario, Malheur County Oregon is not listed on the US EPA *Oregon Nonattainment/Maintenance Status for Each County by Year for All Criteria Pollutants* List (Green Book). [https://www3.epa.gov/airquality/greenbook/anayo\\_or.html](https://www3.epa.gov/airquality/greenbook/anayo_or.html)

**Are formal compliance steps or mitigation required?**

Yes

No

## Oregon Nonattainment/Maintenance Status for Each County by Year for All Criteria Pollutants

Data is current as of March 31, 2020

Listed by County, NAAQS, Area. The 8-hour Ozone (1979) standard was revoked on April 6, 2015 and the 1-hour Ozone (1979) standard was revoked on June 15, 2005.

\* The 1997 Primary Annual PM-2.5 NAAQS (level of 15 µg/m<sup>3</sup>) is revoked in attainment and maintenance areas for that NAAQS. For additional information see the PM-2.5 NAAQS SIP Requirements Final Rule, effective October 24, 2016. (81 FR 58809)

Change the State:
